

Community Problems

Continuity, loneliness, social isolation, broken relationships, lack of support systems, and psychological and medical disorders are trying to reintegrate into communities that often stigmatize them.

Community Solutions

Exodus LifeChange effectively harnesses the social transition often-poorly communicated that had helped to make a difference by empowering them, through supportive efforts, in providing the basic elements to meet the needs of this population.

"When I got out of prison, I knew I wanted to stay out, but I didn't know how to do that. Exodus LifeChange and my mentor stuck with me every step of the way. Now I'm doing fine, I've got a job and an apartment. Life is good!"
