- 10,000 families being reached.
- 40 Medical Clinics in Operation.
- 5 Vocation Training Workshops.

STEPHEN'S CHILDREN

Loving the Unloved

“Let the children come to me, and do not hinder them; for to such belongs the kingdom of God.”

Luke 18:16

Of the 83 million people living in Egypt today, it is estimated that only 10% of the population is Christian. Among these, approximately 500,000 families live in extreme poverty. Most dwell among the garbage dumps, in shanty housing, in overcrowded and poorly serviced areas of urban Cairo. Many of them are one-parent families with no husband or father.

The children of these families have often been abused, have low self esteem, little or no hope of finishing their formal schooling and have virtually no hope of securing a regular job.

STEPHEN'S CHILDREN. LIFTING GOD'S CHILDREN WITH HOPE.

Stephen's Children reaches out to the "poorest of the poor", in order to provide hope through word and deed.

Our strategy is to first reach out to those who are eager for change. By building relationships, providing direct assistance, vocational, social and moral guidance, the staff seeks to build in these families self respect, hope and trust in God.

CHANGING LIVES – ONE CHILD AT A TIME

FAMILY VISITS

Stephen's Children staff visit weekly with each child in order to provide friendship and support in each area—material, educational, vocational, spiritual and psychological. Workers take the time to listen to parents and children and assist in a variety of ways with the many trials that come with living in extreme poverty.

CAMPS

Most children we help have never set foot outside their squalid surroundings. Our camps provide a unique opportunity to take children out of their environment and offer them teaching and worship, discussion groups, counseling, sports activities and fun. We see hundreds of children come to know Christ as a result of their experience during camp.

EDUCATION CENTERS

Stephen's Children now operates 40 education centers. Through these centers children receive a solid Christian education. They learn Arabic, English, Math, study Bible stories, memorize scripture and learn to pray. The education centers also serve as family centers that minister to the mothers. Classes are available

Maggie Gobran has committed her life to the poorest of Cairo. She is known as the "Mother Teresa of Cairo" but to the thousands of children and families living in the shanty towns of Cairo, she is simply known as "Mama Maggie".

VOCATIONAL TRAINING

Vocation training is provided for children who have left school or who need to work part-time while finishing their studies. Assistance is given in job placement and in establishing "cottage industry" type projects.

MEDICAL SERVICES

40 operating medical clinics have been opened by Stephen's Children. Medical services are provided through a team of volunteer doctors and specialists. Regular checkups are given to children and their families.
